

Psyma Research+Consulting GmbH in Lauf a.d. Pegnitz is looking for an intern **to start from January 2012 or later** in the Internet Market Research branch

Technical Placement/Internship (40 hours/week)

Your job will consist of:

- Programming and analysis (data correction /-checking, data editing, creating tables) for online questionnaires.
- Technical organisation of national and international online projects by consulting with internal and external clients
- Collaborating with others on internal technical projects, programming of tools and the development of an intranet.

What we expect from you:

- Hands-on experience and sound knowledge of HTML, CSS and Javascript
- Basic knowledge in at least PHP/MySQL and an additional programming language such as C# or Visual Basic.
- Ability to handle deadline constraints, exact methods of operating, analytical aptitude
- Enthusiasm for the internet media
- Experience with Mediawiki, SPSS or Globalpark Survey Centre is an advantage but not a requirement.
- Experience with IT-project management
- Basic grasp of the English language; knowledge of any further foreign languages is an advantage

What we offer:

- Variety of tasks in a dynamic company
- Good working atmosphere with a young team
- Working on online projects from different branches and countries
- Paid Placement/Internship with flexible working hours
- Duration of 6 to 12 months

Psyma Research+Consulting is a branch of the internationally active Psyma group. We are represented in 12 countries by approximately 250 employees, and operate in over 40 countries. You will work in an innovative business sector with varied and interesting fields of application.

You can find more information about us on our website www.psyma.com.

Are you interested? Why wait? We are looking forward to hearing from you and receiving your completed application, along with covering letter including possible duration of placement, CV and references (preferable by E-Mail):
