THE FUTURE IS HERE.

FUTURE ATLAS 2016

The professors and the students of the Coburg University are developing concepts for energy-efficient construction of buildings and many other fields of construction and design. In the former ducal brewery (Am Main 1), new design ideas and exhibitions, lectures, and workshops are being developed today. This is the home of the international office and the central placement office, the student counseling office, the examinations office, the work health are all based here. The registrar's administration as well as social work and science and natural sciences, business and economics, humanities, and the faculty of computer science are located here. The programs in technology, computer science, and social sciences as well as the faculty of business and economics are located at the CAMPUS FRIEDRICH STREIB. The CAMPUS DESIGN OPEN is located in the former residence city of Coburg – small in size but unusually rich in life as well as quality in learning in a comfortable environment.

The architectural and scenic beauty of Coburg is surprising. There are a large number of medium-sized engineering companies, given Coburg's architectural and scenic beauty, the high density of industry and automotive suppliers – as well as a lively creative scene. And Germany's largest car insurer is headquartered here. One encounters Coburg's rich cultural diversity of Coburg is surprising. Among others, the English and the Swedish royal houses, European nobility, which connects the duchy of Saxe-Coburg-Gotha with, the cultural diversity of Coburg is surprising. It has its roots in the history of the Saxon duchy of Saxe-Coburg-Saalfeld. One encounters Coburg's rich cultural diversity of Coburg is surprising.
